

## AL.40 LED PROFILE

A circular-shaped profile with a 40mm diameter, AL.40 accommodates an LED strip at 20mm in width. The made-to-measure profile is used to create suspended lighting features making it ideal for reception desk lighting. A range of colour temperature LED strips are available or the profile can be used with a preferred LED option. Asta Linear profiles can be purchased in linear lengths or supplied in fully constructed units with LEDs installed.
