

AL.7432 LED PROFILE

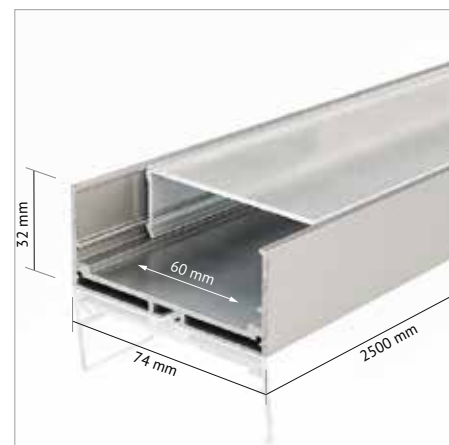

A wide yet low-profile unit, AL.7432 accommodates an LED strip at 60mm in width or a narrow panel of Applelec's LED Light Sheet. Surface mounted or suspended, the profile is used to create individual or continuous lines of light.

The frosted diffuser is high impact resistant, UV resistant and delivers over 80% light transmission. A range of colour temperature LED strips is available or the profile can be used with a preferred LED option. Asta Linear profiles can be purchased in linear lengths or supplied in fully constructed units with LEDs installed.

Key Features
